## KOSHER HOME APPLIANCE ACCESSORIES

### SHABBOS KEEPER

Shabbos Keeper is compatible with select GE Appliances bottom freezer French-Door refrigerators and select GE ranges. Developed with ZMAN Technologies, the GE Appliances Shabbos Keeper is the most advanced Shabbos keeping device available.

It conveniently sets the appliance automatically to Sabbath mode, then sets back to the weekday mode.

#### How it works:

When Shabbos is activated, light bulbs automatically stay on with interior lights at 20% brightness, the auto defrost and compressor are fully automated and user actions are not read.

#### The following features are deactivated:

Door Switches, Sensors, Touch Screens, Ice makers, Water Dispensers and Internal Computers. After Shabbos mode has ended, all normal operation resumes.

Certified by OU, CRC & HalachTech.

# MICROWAVE & ADVANTIUM®

Over the range cooking is a part of daily meal preparation. Quality filters and cleaners will help the microwave perform at its best.

## THE FACTS ABOUT FILTERS

- GE Appliances filters are an easy add-on sale to any GE over-the-range microwave or range hood
- Encourage your customers to stock up — filters need replacing every 6 months!
- Essential for creating and maintaining a pleasant cooking environment
- Effectively removes grease, smoke and odors from kitchen air
- Helps keep the microwave/hood operating at optimum efficiency
- Quick and simple to replace
- Grease filters — dishwasher safe; clean or replace when replacing charcoal filters

## INSTALLATION

Fast and easy to install, stock up by buying in bulk. It's recommended filters be changed every six months.

## MAINTENANCE

With Cerama Bryte® cleaners it's one step to a grease-free and clean microwave.

Understanding the options available to home water filtration will help your customer decide what choice is right for them.

#### • WHOLE HOME FILTRATION

Connects to your home's main water line as the water enters the home to reduce sediment, scale, dirt and rust in your water.

#### • UNDER-COUNTER FILTRATION

Installed near your kitchen tap as a dedicated faucet mount. Water is triple filtered to provide top-quality drinking water reducing many contaminants such as lead or asbestos.

#### • SINGLE- AND DUAL-STAGE FILTRATION

Water is filtered once through Single Stage filters and twice through Dual Stage filters, the space saving design of this system is typically installed under your sink.

## LIMITED ONE-YEAR WARRANTY

All parts and accessories have a limited one-year warranty, with the exception of water filters, which have a 30-day warranty. If your part fails because of a manufacturing defect within one year from the date of original purchase, we will provide a new or, at our option, rebuilt part without charge. Return the defective part to the vendor (reseller) from whom it was purchased with a copy of the “proof of purchase.” If the part is defective it will be exchanged. Warranty claims are only honored on parts purchased from authorized GE Appliances parts resellers.

This warranty does not cover parts which are improperly installed, damaged, abused or used for other than the intended purpose. It does not include cost of returning the part to the vendor (reseller) from which it was purchased, labor to remove, install or diagnose the failure, parts used in commercial applications, incidental or consequential damage caused by possible defects with the parts.

**EXCLUSION OF IMPLIED WARRANTIES** - Your sole and exclusive remedy is part exchange as provided in this Limited Warranty. Any implied warranties, including the implied warranties of merchantability or fitness for a particular purpose, are limited to one year or the shortest period allowed by law.
